ABOUT ME: I love all aspects of photography, but my passion is anything action.... so sports and wildlife. I also enjoy landscape photography whenever the opportunity is there. I don't advertise my portrait photography, but at times I will do a session when asked. Photography is a hobby for me, so my availability will have to be outside of my working hours with my job. I am easy going and will try and work with you in any way possible. Please reach out to me if you have any questions or if you're interested in an appointment.
